TRAIN SERVICE FROM OGDEN TO SALT LAKE IS EXPLAINED BY JULIAN BAMBERGER

At the weekly luncheon of the Rotary club held today, interesting talks were made by Carl E. Rosenberg of Los Angeles; Fred Taylor, president of the Harvest festival; W. Karl Hopkins, Julian Bamberger and Frank M. Driggs.

Mr. Rosenberg is a past president of the Los Angeles Rotary club and a member of the International Rotary committee on education. He dwelt briefly with a comparison of the Rotary club of the past and present, and spoke encouragingly of the aims, methods and spirit of the Rotary idea.

Fred Taylor reported to the committee concerning last night's meeting, dealing with arrangements for the wild west show, and the fact that showmen and Rotarians went on record as willing and ready to do their best to ensure the success of each enterprise, and of making the wild west show an annual feature of Ogden life.

In response to an invitation of the committee on train service between Ogden and Salt Lake, Julian Bamberger, representing the Bamberger rail-

road, made the statement that the 10:30 train from Ogden, largely used by business men and complained of as a slow train, is necessarily slow because it is the only train that can handle the milk traffic between the cities, and that it is impossible to put on another train about that time because of the scarcity of train equipment due to the fire of eighteen months ago. With regard to the possibility of running a later train at night than the 11:05 from Ogden to Salt Lake, Mr. Bamberger said that the present time is the most convenient for all passengers as it is run in connection with the line of the Salt Lake street cars. To run a later train would mean carrying passengers into Salt Lake at a time when they would find it impossible to get a street car to their destination.

Frank M. Driggs briefly referred to his visit to the coast and his meeting with Rotarians in their clubs and individually.

James H. Douglas, A. H. Shaw and Warren Binford were appointed the committee on entertainment for the next four meetings.

GUESTS TO ARRIVE IN OGDEN AT 4 P. M. TODAY

The governors of many states of the Union, who are meeting in Salt Lake for conference, will arrive in Ogden this afternoon at 4 o'clock over the Bamberger Electric railway.

The Ogden publicity bureau has arranged for about thirty automobiles to meet the train and take the distinguished guests on a tour of Ogden city and Ogden canyon as far as the city wells. The party will be met at the interurban station by Mayor Browning, Commissioners Flygare and Jones and members of the Weber club, Publicity bureau and others. They will be taken to the Hermitage at 6 o'clock to attend an informal banquet prepared for them by the city of Ogden. Invited guests are requested to be at the Hermitage hotel at 6 o'clock.

Governor Bamberger will preside and Mayor Browning will be toastmaster.

LABORERS STRIKE AT ELEVATORS IN WEST OGDEN

According to J. S. Holmes, business agent of the Laborers' and Hod Carriers' union, the laborers working on the Globe Grain & Milling company's new plant went out on strike yesterday without any authority from their leaders, who in no way sanction the strike.

At 2 o'clock today the men were still out, but hopes are entertained that the counsels of the leaders of the union will be heeded and the men return to work.

Anti-Aircraft Light Is Seen In Salt Lake

SALT LAKE, Aug. 20.—A searchlight projecting a bolt of light forty-four miles into the air, brought to Salt Lake with the transcontinental motor train, was operated last night at Second South and Main streets, and for several hours played on the tops of skyscrapers and into the heavens.

RACING GAMES AT THE RESORT ARE CLOSED

The ponies have galloped their last at the Lorin Farr Park, the Sanitarium and at the Hermitage. No longer will the little wooden horses mechanically race around the track and bring candy to the betters. The tracks have been closed.

The action was taken by Sheriff H. C. Peterson yesterday afternoon, when he notified the proprietors of the resorts that the device whereby candy was given in the horse race game was gambling and must be closed. The sheriff said the proprietors readily complied with the order and announced there would be no more of the game.

How Americans Spent Night In Mexican Hills

MARFA, Tex., Aug. 20.—Reports from the field in Mexico today told how the Americans spent the night in the Mexican mountains. The troopers slept under a starless sky, in canyons, on trails wherever they happened to be when it grew too dark to continue their pursuit. Sentries were stationed at entrances to canyons and at high points on trails to prevent an ambush or surprise attack if the bandits reassembled in force during the night.

No fires were permitted. Horses were picketed in hollow squares and the men, rolled in blankets, slept beside their mounts with rifles and pistols at their sides. Pickets patrolled the temporary camps.

Pack mules were unburdened for the night and the field wireless set was rigged for making reports to headquarters. Officers were in whispered conferences during the night discussing orders and planning the day's operations.

The troopers, tired out from their long, hard ride slept as soon as they finished a cold supper of field rations.

WASHINGTON, Aug. 20.—To avoid possible contact with American troops on the trail of bandits in northern Mexico, Mexican forces were not sent after the band which captured Lieutenants Davis and Peterson, the war department was advised in a telegram sent yesterday by Major-General Dickman, commanding the southern department.

The message was made public late today.

President Carranza Asked to Do All Possible to Aid

MEXICO CITY, Aug. 20.—The executive committee of the Federation of Syndicate Workers of the federal district has issued a manifesto to its members saying the committee is disposed to aid the government in the present crisis and asking President Carranza to bend all efforts to secure the co-operation of all the Mexican people.

General Juan Torres, chief of operations in the state of Sonora, reports to the war department that the Yaqui bandits who killed an American chauffeur named White have been dispersed with losses.

H. S. White, an American, was reported killed near Hermosillo, Sonora, last May when twenty Yaqui Indians attacked a truck train carrying silver ore.

Daniels to Remove Pacific Fleet to San Francisco

SAN FRANCISCO, Aug. 20.—Secretary of the Navy Daniels will remove the Pacific fleet to San Francisco September 1, he advised headquarters of the twelfth naval district here today. The wireless message sent from the Battleship New York, en route to Honolulu, New York, indicated the president might also be here September 1, it was announced.

LABOR LEADERS URGE CONSERVATIVE ACTION

A meeting of great interest to railroad employers was held in Ogden last night when S. A. Jones, representing the bolshemakers; Walter Nash, the machinists; Jas. McCarty, the sheet metal workers; Frank Whaley, the blacksmiths, spoke to the men about the importance of their several unions, what they had been able to accomplish in the past and what their hopes were for the future.

The whole trend of the business agents' remarks were to the effect that railroad workers in all branches can, at the present time, afford to make haste slowly, and to bear constantly in mind their duty to do nothing at all except under the clearly given advice and authoritative statement of their leaders.

The officials were checking up on the strike vote. The crisis will be reached August 24.

GENERAL ON INSPECTION EAGLE PASS, TEX., Aug. 20.—Major General Joseph T. Dickman, commander of the southern department, who arrived here last night on his way to Marfa, today inspected the troops in the Eagle Pass district. He will leave later for the west.

WORLD'S MARKETS

NEW YORK, Aug. 20.—A firm to strong tone prevailed at the opening of today's stock market despite the embolism of the strike vote to be taken by steel employees. Equipments, oils and tobacco guided the general list to higher levels. Rails and shipments also displayed better tendencies. Mexican Petroleum registered an initial fractional reaction but soon rallied almost two points and Pan-American Petroleum gained a point. United States Steel rose half a point and Central Leather was among the strong peace industrials.

Less than 200,000 shares changed hands in the first hour, trading coming almost to a standstill after the opening. Early gains were irregularly extended, various specialties joining in the advance. Reassuring advances respecting the Mexican situation imparted further strength to oils, motors also improving. There was a good undertone to shipping and rails of the minor class hardened with investment transportation. Before noon, however, much of the rise was cancelled. Selling resulting from the further demoralization shown by foreign exchange.

Shipments were feature of the dull noon hour on Atlantic-Gulf's five-point raise. United States Steel fluctuated within a two-point radius, but equipments and certain of the more speculative issues, notably Sumatra Tobacco and tobacco products were heavy.

CHICAGO GRAIN

CHICAGO, Aug. 20.—The corn market today opened strong with limited offerings which were readily taken. Resting orders to sell on the upturn checked the early advance and the market sagged. Further sharp decline in foreign exchange rates which touched a new low was reflected in heavy selling of corn at prices about 1 1/2 lower than the opening figures on all deliveries. Opening prices ranged from 1 1/2 lower to 1 1/2 higher with September 1.84 1/2 to 1.84 1/2 and December 1.44 1/2 to 1.45 1/2.

Trading was moderately active. Oats opened firm and moved in sympathy with corn though fluctuations were less pronounced. Offerings at the start were light but sellers increased at the high points.

Opening figures were unchanged to 3/4 higher with September 73 1/2. Yesterday's closing prices: Choice heavy, \$9.90; first 4's, \$9.80; second 4's, \$9.70; third 4's, \$9.60; fourth 4's, \$9.50; fifth 4's, \$9.40; sixth 4's, \$9.30; seventh 4's, \$9.20; eighth 4's, \$9.10; ninth 4's, \$9.00; tenth 4's, \$8.90.

Provisions were dull with prices slightly advanced, figures ranging from 10 to 70c higher.

Later corn price fluctuations were erratic, selling pressure inducing declines which were mostly overcome by short covering. September held its strength and was the only delivery to finish in advance. The market closed firm, 1 1/2 to 1 1/2 lower on distant months and 1/2 to 1 1/2 net higher for September. Closing figures were September 1.84 1/2 to 1.84 1/2 and December 1.44 1/2 to 1.45 1/2.

Provisions moved within narrow limits and closed unchanged to 20c higher, commission house demand being an important factor.
